

Sidewalk, Curb and Road Repairs

Contract: 18TEY-100TU

Start Date: Sep 28

End Date: Sep 30

** Timeline is heavily weather dependent and subject to change.*

The City will be repairing cuts made to the sidewalk, curb and/or road by utility companies, private contractors and the City when installing / repairing underground infrastructure (water, sewer, natural gas, cable, etc.). The repairs will take place on _____.
 Work may include the closure of individual lanes or the entire road. Repair work will be coordinated with any maintenance work required with the City's right-of-way.

The City's Contractor is planning to begin work within the next 48 hours.

IMPORTANT DETAILS

Property owners in the construction area are advised to remove any items installed or planted beyond the private property line and in the City-owned right-of-way that may impact construction. If you have a lawn sprinkler system located within City property, please contact the Inspector to arrange for a site inspection.

The City will not be responsible for damage to any privately owned items installed on City property.

Street furniture (planters, bike parking, benches, information pillars, etc.) located within the construction work area will also be temporarily removed.

WHAT TO EXPECT DURING CONSTRUCTION

You may experience dust, noise and other inconveniences. The City will make efforts to reduce the impacts. Your patience is appreciated.

	<p>Work Hours: Work will take place from 7 a.m. to 7 p.m., Monday to Saturday, with work after hours and on Sunday as required.</p>
	<p>Road and Sidewalk Access: In order to complete the work in a safe manner, there will be road and sidewalk restrictions within the construction work zone. Access for emergency vehicles will be maintained at all times.</p> <p>Driveway Access: The contractor will notify you of any temporary restrictions to your driveway access. If your property has two entrances, one entrance will be kept open at all times.</p>

	<p>Traffic Management: Efforts have been made to manage traffic in the area for the safety of workers, road users and residents. Road users should expect delays and increased traffic on nearby main and side streets.</p>
	<p>Parking: Parking in the active work zone is not permitted due to space requirements for construction equipment and materials. If your vehicle is moved, please contact parking control for its location at 416-808-2222.</p>
	<p>Garbage & Recycling: Please follow your normal routine. If required, the contractor will move bins to an appropriate location and return them. <i>Please ensure that you label your bins with your address.</i></p>
	<p>Restoration: The construction work area will be restored where required. Interlocking bricks, flagstone on a granular base, or other similar features that are removed from public and private property during construction will be replaced. Lawn seeding and/or laying of sod will be done as needed during ideal growing seasons only - in the spring (April to June) and fall (September to October).</p> <p><i>We request homeowners to water the new sod in front of their property to ensure proper growth.</i></p>
	<p>Residents that require accommodation must contact the City Inspector to arrange for access during the construction period.</p>
